

# The Next Big Things for Me

**Parents, read and discuss Ecclesiastes 12:1 with your children.**

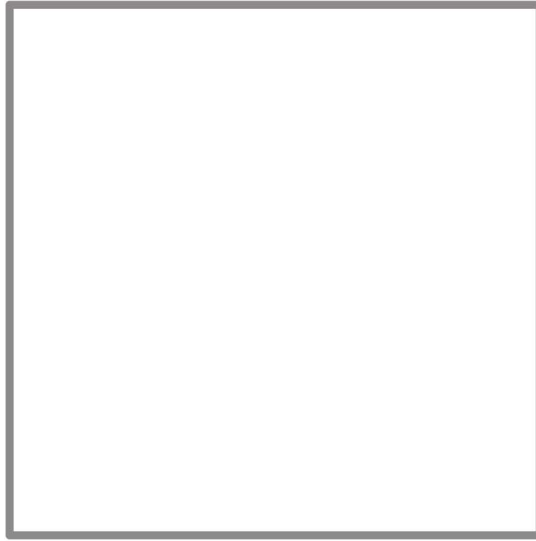

Setting spiritual goals will help you make the best use of your youth. Think of three spiritual goals you can set for yourself right now. Write them down in the spaces provided on page 2. With the help of your parents, cut out the spiritual Goal Selector on this page and place it over the goal you want to achieve. When you achieve it, move the Goal Selector to the next goal.
