⁷ Ukwephula imithetho kaJehova kulempu-mela ebuhlungu. Kodwa ukwenza iphutha akusiyo ndlela enhle yokufunda ukwehlukani-sa okuhle kokubi. IBhayibhili liyasisiza ukuthi senelise ukukwenza lokhu ngoba lilezibonelo zabantu basendulo abake benza amaphutha. UZaga 1:5 uthi: ‘Ohlakani phileyo uyalalela engeze ukufunda kwakhe.’ Amazwi la aliqini-so sibili ngoba ukubala lokucabangisisa nge-zibonelo eziseBhayibhilini kuyanceda okwa-magama. Ake ucabange ngempumela ebu-hlungu eyehlela iNkosi uDavida ngenxa yo-kwephula umthetho kaJehova ngokuphinga loBhathisheba. (2 Sam. 12:7-14) Nansi imibu-zo engakusiza ngesikhathi unakana ngenda-ba le: ‘Kuyini okwakumele kwenziwe nguDa-vida ukuze axwaye isono lesi kanye lempu-mela yaso ebuhlungu? Aluba kwakuyimi nga-ngizakwenzani? Ngangizabaleka yini njengo-Josefa kumbe ngangizawela esilingweni nje-ngoDavida?’ (Gen. 39:11-15) Ukucabangisisa ngempumela emibi yesono kuzasisiza ukuthi sizimisele ‘ukuzonda okubi.’

¹¹ Endabeni kaDavide noBhati-sheba, nga-phambi kokuthanjiswa kwesahlulelo esiyisi-gwebo sokufa, kwadingeka isono sabo si-thethelelewe. Abahluleli bakwa-Israyeli babe-ngenalo igunya lokwenza lokhu. Ukube ba-vunyelwa ukusingatha leli cala, kwakuyodi-ngeka bakhipe isigwebo sokufa nje kwaphe-la. Wawusho njalo uMthetho. Kodwa ngenxa yesivumelwano ayesenze noDavide, uJehova wafuna ukubona ukuthi sikhona yini isiseke-lo sokuthethelela isono sikaDavide. (2 Samu-weli 7:12-16) Ngakho, uJehova uNkulunkulu,

“uMahluleli womhlaba wonke” ‘ongumhloli wenhliziyo,’ wakhetha ukulusingatha yena luqobo lolu daba. (Genesise 18:25; 1 IziKronike 29:17) UNkulunkulu wayengayifunda ngokunembile inhliziyo kaDavide, abheke ukuthi ukuphenduka kwakhe kuqotho kangakanani, abese emthethelela.

Kusho Ukuthini Kuwe Ukuthethelela Kuka-Jehova?

⁹ UJehova akazange ayisuse imiphumela ebuhlungu yezono zikaDavide. Yayizoqhube ka ikhona ukuphila kwakhe konke. Nokho, eqaphela umoya kaDavide wokuphenduka —‘wayenenhliziyo ephukile nechobozeke’ —uJehova wamthethelela. (**Funda iHubo 32:5**; IHu. 51:17) UNkulunkulu uMninimandla onke uyasiqonda isimo sengqondo sangempela nesisusa sokwenza isono. Kunokuba laba bantu ababephelele bagwetshele ukufa abahluleli abangabantu ngokuvumelana noMthetho KaMose, ngesihe, uJehova wangenela, walingatha ngokwakhe icala likaDavide noBhati-sheba. (Lev. 20:10) UNkulunkulu waze wenza nokuba indodana yabo uSolomoni ibe inkosi elandelayo yakwa-Israelayeli.—1 IziKr. 22:9, 10.

¹⁰ Mhlawumbe esinye isizathu esenza uJehova wamthethelela, indlela uDavide ngokwakhe abonisa ngayo uSawule isihle. (1 Sam. 24:4-7) Njengoba uJesu achaza, uJehova usiphatha ngendlela esiphatha ngayo abanye. Wathi: “Yekani ukwahlulela ukuze ningahlulelwa; ngoba noma isiphi isahlulelo enahlulela ngaso, nani niyokwahlulelwa ngaso; nesilinganisela enilinganisela ngaso, bayonilinganisela ngaso nani.” (Math. 7:1, 2) Yeka ukuthi kududuza kanjani ukwazi ukuthi uJehova uyozithethelela izono zethu—ngisho nezono ezimbi kakhulu njengokuphinga nokubulala! Uyokwenza lokhu uma *sinomoya*

othethelelayo, uma *sivuma izono zethu* phambi kwakhe, futhi uma sibonisa *isimo sengqondo esishintshile* ngezenzo zethu ezimbi. “Izinkathi zokuqabuleka” ezivela kuJehova zifika lapho izoni ziphenduka ngobuqotho.—**Funda izEnzo 3:19.**
